## NEWS RELEASE RECALL NOTICE

Theatre by the River presents

# AUTOBAHN

By Neil LaBute

### WINNIPEG, JUNE 23, 2011

This recall notice has been generated in accordance with the requirements of the federal Awesome Theatre Act. Theatre by the River has determined that a defect relating to underexposure to exciting, provocative theatre may exist in some media.

**WHAT IS THE PROBLEM?** - Our records indicate that you have not yet seen Theatre by the River's production of Neil LaBute's *Autobahn*, playing July 14-24 at the Winnipeg Fringe Theatre Festival.

**WHAT WILL THEATRE BY THE RIVER DO?** - Tune up your assumptions, rotate your preconceptions and realign your understanding of what it is to be in a car. More than just a method of transportation, the automobile can have profound and peculiar effects on all kinds of interactions and relationships. In this production of six scenes, 12 characters will amuse, disturb and challenge audiences while taking them on a wild journey. (see diagrams below) You can't escape the truth on the *Autobahn* – not at these speeds.

**WHAT SHOULD YOU DO?** - Make an appointment to be at Venue 10 (Planetarium Auditorium, 190 Rupert Avenue) for one of the following showtimes:

Thursday, July 14 - 1:45 PM  
Friday, July 15 - 5:15 PM  
Sunday, July 17 - 7:15 PM  
Tuesday, July 19 - 3:30 PM  
Wednesday, July 20 - 7:15 PM  
Friday, July 22 - 8:45 PM  
Saturday, July 23 - 11:00 PM

**RECALL SERVICE TEAM** - Actors Dorothy Carroll, Hilary Carroll, James Firby and Derek Leenhouts will go to work on the undercarriage and engine block while director Cory Wreggitt overhauls the steering. This production will be driven onto stage by the company that brought previous Best of Fest Fringe hits *One Good Marriage* (\*\*\*\* - WFP) and *The Bush-Ladies* (\*\*\*\* - CBC).
